Designing
with Natural Stone
VOLUME 3

The
Beauty
of Real Stone

Virginia Ledgestone™
Architect: Knauer Inc.

Cover photo (top to bottom)
Bradford™ Palmer™ Sydney™

*“Timeless Beauty”..
Natural Stone has a place in history
where the past is always present.*

Natural Stone Veneers International (NSVI) fabricates natural thin veneer stone for interior and exterior building applications. NSVI has emerged as the leader in the natural stone industry with its diverse natural thin veneer stone products, distribution and marketing.

Designing with Natural Stone “Volume 3” is a compilation of over fifty product lines quarried from around the world. These collections expand and complement structural dimension with a diversity of color and texture. Many variations on how Natural Stone Veneers can be the crowning achievement to any construction endeavor are depicted in project photos throughout this catalog. New products and a complete photo gallery can be found online.

NSVI Blends

Blending product lines is a great way to bring individuality to a project. From traditional design elegance to contemporary style, the enduring beauty of our natural stone blends and accents perfectly—inside and out. The unique properties of our natural stone veneers allow them to be the ideal design concept for your architectural application. Color, texture and durability of real stone without the weight... no extra footings necessary.

Installation & Packaging

Installation Instructions

Installation guides, cleaning instructions and corner installation for Virginia LedgeStone and Hudson LedgeStone can be downloaded from our website in PDF format. We also offer a 10-Step Video Tutorial showing the application of our natural stone veneers. nsvi.com/installation_instructions.html

Flat and Corner Packaging

Flats

Up to 10 Sq. Ft. per Box
Up to 180 Sq. Ft. per Crate

Corners

Up to 10 Lineal Feet per Box
Up to 100 Lineal Feet per Crate

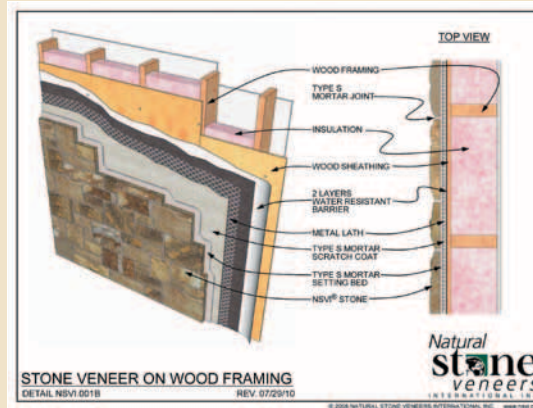

- LedgeStone Collection is packaged for tight fit installation.
- All other collections packaged using a 1/2" mortar joint.
- NSVI recommends a thin set mortar meeting ANSI 118.4 on any exterior tight fitted joint installation.
- Images shown in this catalog are intended to be as accurate as depictions of color and texture can be on the printed page. Because NSVI produces a natural stone product, shades may vary.
- For best results of color and texture, work from as many packages as possible.

Design & Detail Recommendations

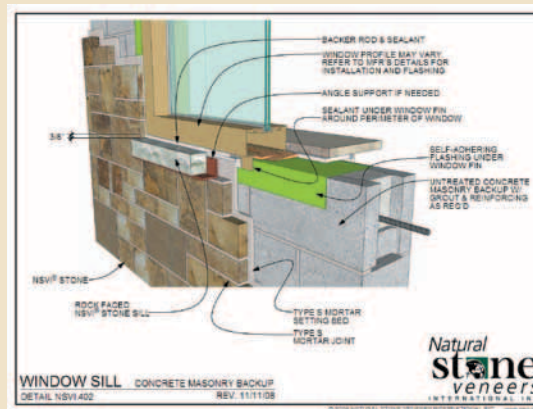

Information on the proper design and detail of the backup structures and other design information for NSVI stone can be found in the 2011 Building Code Requirements for Masonry Structures (TMS 402-11/ACI 530-11/ASCE 5-11).

Detail Drawings

Detailed drawings for Natural Stone Veneer application on a variety of surfaces can be found at: nsvi.com/architectural_specs.iml
